

## Michelin TrackDay tyres manual

1. 45 minutes in warmers before ride
2. The faster you go, the lower rear pressure.
3. What to expect:  
**34-35 front / 25 rear hot off the track**

### Warning

If hot tearing it is possible to go way down low till:

**29 psi cold front / 19 psi cold rear**

		Cold pressures		Rolling temperatures		
		Standard	Air < 15C	Low limit	Optimum	Upper limit
